

A surreal collage featuring a large orange moon in a dark sky at the top. Two large, pale hands reach out from the top corners, framing the moon. Below the hands is a vibrant city street scene, likely San Francisco, with colorful buildings and a church. In the foreground, a person with long hair and a green shirt stands with their back to the camera, reaching out towards a large black cow. A yellow and black striped snake is coiled on the ground near the cow. The text 'MULTIMEDIA DEVELOPER' is written in a bold, yellow, pixelated font across the top. On the left side, the words 'DEVELOPER', 'PROBLEM SOLVER', and 'CREATOR' are stacked vertically in the same font. At the bottom, the name 'NERDAL PRESCOD' is written in a large, bold, yellow, pixelated font.
